Counting previous exams for Certification

What if I have completed one or more of the previous CCNP exams? Can I still count those exams towards my certification?

The table below lists all the valid ways to become certified. Note the expiration date of the options using ISCW and ONT. Candidates in the process of obtaining their **CCNP**, who wish to certify before the new TSHOOT exam becomes required, must pass all the required **exams** on or before July 31 2010. After July 31, 2010, all **CCNP** candidates will be required to pass the TSHOOT exam.

Information on the mix and match options for CCDP and CCIP are also included, as they require routing and switching skills as well.

| | |
|---------------|--|
| CCNP = | BCSI + BCMSN + ISCW + ONT (Last day July 31, 2010) |
| CCNP = | COMP + ISCW + ONT (Last day July 31, 2010) |
| CCNP = | BCSI + SWITCH + ISCW + ONT (Last day July 31, 2010) |
| CCNP = | ROUTE + BCMSN + ISCW + ONT (Last day July 31, 2010) |
| CCNP = | ROUTE + SWITCH + ISCW + ONT (Last day July 31, 2010) |
| CCNP = | BSCI + BCMSN + TSHOOT |
| CCNP = | COMP + TSHOOT |
| CCNP = | BSCI + SWITCH + TSHOOT |
| CCNP = | ROUTE + BCMSN + TSHOOT |
| CCNP = | ROUTE + SWITCH + TSHOOT |

| | |
|---------------|--------------------------|
| CCDP = | BSCI + BCMSN + ARCH |
| CCDP = | COMP + ARCH |
| CCDP = | BSCI + SWITCH + ARCH |
| CCDP = | ROUTE + BCMSN + ARCH |
| CCIP = | BSCI + QOS + MPLS + BGP |
| CCIP = | ROUTE + QOS + MPLS + BGP |
